

I would like to take a moment of your time to let you know how important Air 1, the radio station is to myself and my family. We listen to this station only, and I believe that it serves our community with a wonderful family-friendly radio station. We listen on 90.1 but there is also 100.7 & 90.3. If this station were to be displaced by an LPFM broadcaster providing other programming our family and community would be greatly effected. Please consider all of the loyal listeners to Air 1 and do not allow this to take place. This station serves a public interest for our community and we would be lost without it. Again I plead, do not remove my families station.

Thank you for allowing me to send my comments and taking the time to consider our feelings.
